They aren't kidding Margaret Truman any more about her career in music. It appears that the president's daughter knows the score.

"Congress Not Ready to Pay British Debts" — headline yesterday.

British debts? We're not even paying our own.

I've just finished reading a technical description of a submarine with an atomic engine at a cost of 40 million dollars, and I'm forced to one of two conclusions: (1) I don't believe it; (2) If it's true, my sea voyages are over before they've begun.

"Ticket Closes With Only Few Additions" — political headline yesterday.

The subtractions will come later.

Spokesman for the rice growers told Washington yesterday production is 50 per cent above consumption, and he added: "If the people would inform themselves as to how to prepare more of the tasty dishes made possible by rice, I am sure the consumption would be doubled."

If he had really wanted to make the headlines he would have phrased it like this: What weary America needs is more starch.

Net effect of Russia's shoving down one of our planes over the Baltic was to snap America to wide-awake attention. The House Appropriations Subcommittee yesterday recommended an additional 350 million dollars for 1951 defense funds.

Sino Reds Mass Armies for Invasion

Taipei, Formosa, April 27 — (AP) — Seven Red armies are massed on mainland China and coastal islands for the assault upon Chusan, the Chinese Nationalists said today.

Two of the armies already are in position in nearby islands of the Chusan group, 100 miles south-east of Shanghai.

And 1,200 Communist craft are spotted in Hangchow bay, Nationalist naval sources said. Chusan sits at the south entrance. It lies only nine miles off the China coast.

The invasion is expected momentarily.

Gen. Chen Yi, Communist commander for East China, moved two armies onto nearby islands virtually under the mouths of Nationalist guns.

Chusan itself is the Key Nationalist blockade base for Shanghai. Chiang Kai-shek's air and naval arms have killed traffic into that once teeming port.

The generalissimo's son, Gen. Chiang Ching-kuo, told Nationalist troops on a recent visit:

"Chusan is the gateway to Formosa. If Chusan is lost, Formosa will be exposed to attack. If Formosa is lost, it will mean the end of our race, our liberty and our freedom."

Army quarters again voiced confidence in the ability of Gen. Shih Chueh to hold the key island.

Electricians Decide Today on Union

Pittsburgh, April 27 — (AP) — Nearly 55,000 workers in Westinghouse Electric corporation plants decide today whether they want to be represented by an infant CIO union or an independent union which was thrown out of the CIO.

The vote in 40 of the corporation's plants in 32 cities will go a long way toward settling a bitter labor dispute among 300,000 men and women who make most of the country's electrical appliances.

The national labor relations board is supervising the bargaining election.

It is on a plant-by-plant basis. Conceivably Westinghouse could wind up with 20 contracts with the new CIO International Union of Electrical Workers (IUE) and 20 with the independent United Electrical Workers (UE).

The NLRB will begin tabulating the vote at 8 p. m. (Central Standard Time). Results will be sent to the NLRB regional office here. Regional NLRB Director Henry Shore says enough results should be available by midnight to establish a trend.

CIO President Philip Murray—who led the fight to oust the UE from the CIO fold because of what he calls its left wing tendencies—is watching the voting closely.

Murray and other CIO leaders personally took to the field in a last-minute flurry of activity to urge the Westinghouse employees to vote CIO.

Economy Out House Also to Extend Draft

Washington, April 27 — (AP) — The House today voted to extend the draft law to demand for new defense funds and extension of the draft law. It all but shelved the house economy drive.

In response to the request of Secretary of Defense Johnson, the house was resigned to vote an extra \$350,000,000 for military spending, most of it for airplanes.

And house leaders thought it likely the members would have to vote on the question of keeping the draft law alive for two years beyond June 24, when it is scheduled to die.

Chairman Cannon (D-Mo) of the appropriations committee announced committee approval of an amendment that would hike the defense budget for the fiscal year beginning July 1 from the \$13,811,000,000 recommended last month by the committee to \$14,261,000,000.

The extra \$355,000,000 was approved after Johnson testified before the subcommittee yesterday.

It would be split up this way: \$20,000,000 for the air force; \$100,000,000 for naval air; \$50,000,000 for conversion of warships and for the anti-submarine warfare program.

With Republicans joining Democrats in supporting the increases, their addition to a \$29,000,000,000 omnibus appropriation bill perhaps late next week appeared certain.

There is a chance that an effort may be made to add even more for the appropriations committee has recommended a \$203,000,000 cut in so-called non-defense military funds and Johnson wants that restored.

Physical Handicaps Break the Spirit of Some But to Others It Is Only a Spur to Victory

By HAL BOYLE  
Seattle — (AP) — To some people a physical handicap is a death of the spirit. To others it is only a spur to victory.

There is a woman here whose life story is a living example of the truth that a courageous heart can rise above any affliction. She is Mrs. Emil Melhine, better known as Hildegarde, one of the leading restaurateurs of the north-west.

At the age of nine Hildegarde — born Hilda Drahold, one of nine children of a landscape gardener — was stricken with infantile paralysis.

"For eight long years I had to wear a plaster cast from my hips to my neck," she recalled, "but made me determined to lead a normal life—to be like other girls."

When she was 17 she drove with some friends to the Tacoma airfield. "Stub" Campbell, an oldtime daredevil who wanted a new stunt to thrill crowds at a forthcoming Fourth of July air show, asked the group of spectators:

Highway-Aid Bill Hearing Set May 17

Washington, April 27 — (AP) — A hearing on federal highway aid legislation will be held May 17 by a senate public works subcommittee.

The Chavez bill proposes these major authorizations: \$500,000,000 a year for the federal highway system for the two fiscal years ending June 30, 1953; \$100,000,000 yearly for the interstate highway system for the two years; and 15,000,000 yearly for county roads for the two years.

The house bill, presented by Rep. Whittington (D-Miss) and approved by the house public works committee, would authorize \$500,000,000 yearly for the federal aid system and \$70,000,000 for the interstate system but makes no provision for federal aid on county roads or so called farm-to-market roads.

Specifically and fully, Browder contradicted testimony from Louis F. Budenz that Lattimore's name came up at a meeting of Communist leaders in New York City in October, 1937.

There never was such a meeting, Browder declared.

H said "it is hard to imagine how even a professional perjurer could bring up testimony such as Budenz gave a senate foreign relations subcommittee."

Budenz, former Communist editor who renounced the party, testified last week that Browder and other party leaders told him Lattimore was a member of a "Communist cell."

He said that at a 1937 meeting there it was agreed that Lattimore should direct the organization of writers to put across propaganda that Chinese Communists were Agrarian reformers.

Lattimore, Far Eastern expert and now a professor at Johns Hopkins university, has denied any connection with the Communists. He also has denied the accusation by Senator McCarthy (R-Wis) that Lattimore was a "top Soviet espionage agent."

In testimony that could lay either herself or Budenz open to perjury charges, Browder told the committee there never was such a meeting.

Budenz himself, when he was on the witness stand, suggested that Browder be called to testify. He also suggested that the committee hear other "high Communist officials" he said had told him Lattimore was a member of a Communist cell.

One of the others Budenz named, Frederick Vanderbilt Field, is scheduled to testify at a public hearing tomorrow. Budenz called Field a Soviet espionage agent.

Field denied that in a statement in which he also declared he never told Budenz that Lattimore was a Communist.

Yerger Seniors to Present Mystery Play

A voice in the dark — a woman's voice singing an operatic aria — the voice of a woman who is dead! That is one of the things you will hear when you see "The Singing Ghost," a three-act mystery-comedy drama of thrills, chills and laughter, that will be presented by the Senior class in Yerger school auditorium, May 11, at 8 p.m.

"The Sing Ghost" was written by Robert St. Clair.

Members of the cast were selected on the basis of competitive try-outs in order that the public might have the opportunity of seeing the Senior class at its very best.

The play is directed by E. N. Glover class sponsor; and he is being assisted by M. V. Walker and Blanche M. Alston who say that it is one of the most carefully thought out and interesting plays of its kind they have read.

Members of the cast are Lorene Malone, Charlene Smith, James Phillips, Josephine Covington, Doris Covington, Althos Strangler, Edward Smith, Ozaree Harris, Erma Glenn, Olivia Trent, Alvin Cooper, and ? ? ? ? ?

Special scenic and lighting effects are being arranged by Eura Lee Covington, and James Tyus is covering the sound effects. Get your tickets early. You won't want to miss a single minute of "The Singing Ghost."

Mrs. Starnes Dies at Home Near Hope

Mrs. D. G. Starnes, aged 77, died about 2 p.m. Wednesday at her home five miles south of Hope. She was a native of Nevada County but had lived most of her life in Hemphstead.

Besides her husband she is survived by four daughters, Mrs. Ida Ellis of Bay City, Texas, Mrs. Ward Nichols, Bossier City, La., Mrs. O. D. Middlebrook, and Mrs. Jack Duckabee of Hope and Weaver Starnes of Bay City.

Funeral arrangements are incomplete.

Ogden, Utah's second largest city, was named after Peter Skene Ogden, a frontiersman who was a Hudson's Bay company bridge leader.

Browder Denies Ever Knowing Lattimore

Washington, April 27 — (AP) — Earl Browder, former Communist party chief, denied to senate investigators today that he knows or ever has known Owen Lattimore.

Specifically and fully, Browder contradicted testimony from Louis F. Budenz that Lattimore's name came up at a meeting of Communist leaders in New York City in October, 1937.

Iran Center of Russian Campaign

Tehran, Iran, April 27 — (AP) — A pepped up Soviet propaganda offensive has once more made Iran a hot front in the cold war.

The "free Azerbaijan radio," operating from inside the Soviet Union, is spearheading the campaign against the neighboring Iranian government. The new broadcast line started about 10 weeks ago and has been mounting steadily in violence, even inciting Iranians to revolt.

Before that the Soviets, for a long period, had tempered their propaganda campaign against Iran in an apparent attempt to improve relations with their oil-rich southern neighbor.

A recent Washington dispatch said U. S. Secretary of State Dean Acheson was deeply concerned over alarming reports reaching him from the American ambassador to Tehran, John C. Wiley. The Communist campaign, state department experts said, has been heaped greatly by economic troubles following last year's cereal crop failure in Iran.

A U. S. survey mission soon may be sent to recommend aid for this strategic Middle East country on the eastern end of the anti-Communist cord.

Reports of radio monitors here show these four consistent propaganda themes in Soviet broadcasts beamed this way:

1. An attempt to blame United States "intervention" for Iran's economic depression.

Youth Charged in Attack on Young Mother

Mountain Home, April 27 — (AP) — Charges of assault to kill have been lodged against 16-year-old Albert Clay Roberts in the hatchet slaying of a young mother and her child.

Prosecutor Carmack Sullivan charging Roberts, an orphan, with an attack on Mrs. Ralph Conley Sharyn, as they slept in their home in Cotton, near here, Sunday night. Bond was set at \$23,000.

Roberts is in the Pulaski county jail at Little Rock, where he was taken originally to undergo a "lie detector" test.

Officers said he signed a statement he attacked the attractive 19-year-old woman in a robbery attempt and struck the baby accidentally.

Both mother and child are expected to recover.

State Senate to See Many New Faces

Little Rock, April 27 — (AP) — Seventeen of the 35 state senatorial jobs are to be filled in this year's election and at last seven new members are assured.

Of the 17 vacancies to be filled, five incumbents are without opposition in the Democratic primaries, which amounts to virtual election since Republicans rarely win a legislative seat.

Of the 12 other places, incumbents are seeking reelection in five districts. Thus, at last seven new senators are to be on deck next January.

Incumbent senators without opposition in the Democratic primaries are: John W. Cloer, second district; Lawrence Blackwell, 23rd; Berli S. Smith, 29th; Lamar Rogers, 32nd and J. P. Baker Jr., 34th.

New senators are assured in the 13th district, 14th, 20th, 22nd, 27th and 28th districts because incumbents didn't seek reelection. They are, respectively, George W. Free man, Ozark; Edward B. Dillon, Little Rock; Ernest Maner, formerly of Hot Springs but now of Benton and a candidate for circuit judge; Grover C. Nace, Newport; Jerry J. Screeton, Hazen; Ohmer C. Burnside, Lake Village; and J. Ed Thompson, Paragould.

Four state representatives in the 1949 session are seeking senate jobs. They are J. Paul Hulsey, Norman, Bob Riley and Max Howell of Little Rock and H. H. Pickering of Hamburg.

Hulsey opposes incumbent Dr. F. C. Crow of Hope for ninth district senator. Riley and Howell are among the four candidates for Dillon's vacancy and Pickering is one of the three men seeking Burnside's old seat.

A statement by the company said Murray sent word of the accident immediately and "was instructed to make intensive and exhaustive rescue efforts, which he did for nine hours over an area of 50 square miles."

The line added that "37 persons were rescued and efforts were abandoned only after further search appeared hopeless."

Asserting that "clearly the California Bear must accept full responsibility for ramming and sinking the Sinan," the Peiping radio reported these two developments:

1. A maritime commission has been set up by the Tientsin peoples (Communist) government to determine responsibility for the sinking and to work out a settlement.

2. The Hua Fu Co., agents for Sinan, filed a criminal action in a Tientsin court seeking compensation for loss of life and loss of the vessel, its cargo and other properties.

Believes Senate Will Pass Funds to Franco Spain

Washington, April 27 — (AP) — A much-disputed proposal to the Spain share in this country's foreign aid program comes up for a new test in the senate today.

There were predictions it might be approved.

Under an amendment sponsored by Senator McCarran (D-Nev) and Browster (R-Me), the Franco government would be allowed to participate in the multi-billion dollar Marshall plan.

Chairman Connally (D-Tex) of the foreign relations committee said McCarran "may have lined up enough votes to push this through." Connally, floor manager for a \$3,272,500,000 foreign aid measure — refused to tell a reporter how he would vote.

But he said that before the test set for 1 p. m. (CST) — he would make public a letter from the state department opposing the amendment.

Senate leaders have been trying to hurry final action on the big global aid measure, which has been before the senate since April 14. But a final vote still doesn't appear likely before next week.

Among other things, the bill would extend the Marshall plan another year at a cost of \$3,100,000,000.

Last year McCarran failed in an effort to attack a \$50,000,000 loan for Spain to the 195 foreign aid bill. Since then the state department has agreed to ask the United Nations to extend full diplomatic recognition to Spain.

U. S. Freighter Blamed by Reds for Wreck

Tokyo, April 27 — (AP) — The Chinese Communist radio today blamed an American freighter for a midnight collision with a Chinese ship in a Yellow Sea fog. It said 70 Chinese drowned as their vessel sank.

A Peiping broadcast heard here said the freighter California Bear of the Pacific Far East Lines "ignored maritime laws" in ramming the Chinese ship Sinan off Takumar April 20. The 8,163-ton American ship still is at Takumar, port of Tientsin where Red authorities have begun an inquiry.

Pacific Far East lines headquarters in San Francisco denied the Red radio charge that Capt. William Murray of the Bear was negligent and "looked an unreasonable long time in rendering assistance to drowning people and even then did it in a most haphazard manner."

A statement by the company said Murray sent word of the accident immediately and "was instructed to make intensive and exhaustive rescue efforts, which he did for nine hours over an area of 50 square miles."

The line added that "37 persons were rescued and efforts were abandoned only after further search appeared hopeless."

State Seeks More in Taxes From KCS

Fort Smith, April 27 — (AP) — Chancellor C. M. Wofford yesterday took under advisement the state revenue department's claim for additional state income taxes from the Kansas City Southern railway.

The state is seeking \$41,302.44 it claims the railroad still owes to also seeks penalties.

Under an amendment sponsored by Senator McCarran (D-Nev) and Browster (R-Me), the Franco government would be allowed to participate in the multi-billion dollar Marshall plan.

## Tito Promises Cooperation With Greece

By The Associated Press

Premier Marshal Tito of Yugoslavia waved an olive branch toward neighboring Italy and Greece today and promised friendly cooperation with the West. His speech sounded a new note in a score-rattling world.

Speaking to the newly-elected Communist-dominated parliament in Belgrade, Tito laid down a nine-point foreign policy in which he also said Yugoslavia is now impossible.

Although Yugoslavia has quarreled bitterly with Greece in the past, Tito declared the "newest developments" in Greece promised "from now on there will be possibilities to substantially improve the relations between our two countries." Tito evidently referred to the new middle-road Greek government which has shown signs it would like to be and have a good neighbor.

## Texas to Die for Slaying Wife in L. R.

Tucker, April 7 —(AP)—A former

Texas convict will be executed tomorrow for shooting his ex-wife to death on a Little Rock street when she didn't give him money.

Death of Robert Louis Smith, 43, in the electric chair at the state prison farm here is set for sunrise.

Smith was convicted of first degree murder for the slaying of Sally Barner, 40, who physicians said had cancer and probably would not have lived more than six months longer naturally. Supreme courts of Arkansas and the United States upheld the verdict and the sentence.

As several witnesses looked on in horror, five pistol shots felled Mrs. Barner on a street near the University of Arkansas hospital, where she was a nurses aid, about 7 a. m. May 4, 1949.

Smith was arrested the next day at nearby Jacksonville just after he had telephoned Little Rock police to surrender.

After serving a three-year prison sentence in Texas for bigamy in connection with his marriage to Mrs. Barner, Smith came to Little Rock. He said he met his former wife, since married to Bill Barner, her fifth husband, a few days before the shooting and asked for some papers and money he said he had left with her when he entered prison.

Smith said she told him she would return the papers but would have "to see about" the money.

## Game-Fish Commission Suffers Setback

Little Rock, April 27 —(AP)—The

Arkansas Game and Fish commission has been ordered to pay state counties on seven disputed animal scalps.

The commission says the scalps are those of dogs.

"Wolf scalps" declare the Boone county men who turned them in. Boone County Judge Aubrey Hickenbottom agreed with the hunters.

Pulaski Chancellor Guy E. Williams ruled yesterday the commission had no choice in the matter—it had to follow Judge Hickenbottom's certification that the scalps were those of wolves.

Hickenbottom paid a county bounty on the scalps. Then he sent the scalps to Little Rock, where commission Secretary T. A. McAmis refused to pay a state bounty of \$15 each authorized by Act 183 of 1949.

Williams also overruled a commission contention that Act 183 was unconstitutional. The contention was based on amendment 35, which set up the commission as a quasi-legislative body with authority to make its own regulations.

De Ashbaugh, Little Rock attorney who represented the commission, said he would appeal to the Arkansas Supreme court.

Twenty-seven states have tree farm systems.

Little Rock home, he related, he met Mrs. Barner, "went haywire" and shot her.

## More Snow on Menu in Midwest

By The Associated Press

It was overcast weather again today of most of the central part of the country.

There was more snow and more sub-freezing weather over wide areas of the Midwest. Temperatures hit below freezing early today over sections of the Dakotas, Minnesota, Nebraska, Iowa, Wisconsin and in northern Michigan and northern Illinois. Snow fell in

many parts of the cold belt.

Chicago got some of the snow that has been showering over the Dakotas, Minnesota and parts of Wisconsin. Heaviest falls were in the southern suburbs with only a trace in some parts of the metropolitan area. The mercury was at the freezing mark.

The cold Canadian air that has chilled the Midwest most of the week headed eastward and into parts of the south but temperatures moderated. No immediate relief from the late-April cool wave was in prospect. One of today's lowest readings was 18 above at Minot, N. D.

Generally fair weather prevailed in the South and Southwest while rain fell in the Pacific Northwest. Temperatures were around seasonal levels, with temperature's in the 80's in the Gulf states yesterday.

The floods in the Dakotas and Minnesota which have caused an estimated \$50,000,000 damage appeared improved. Some 6,000 have been forced from their homes by the flood waters from scores of rivers and streams.

Flood crests on the Missouri river moved downstream to the Iowa-Nebraska area but no heavy damage was reported. About 500

persons moved from their homes between Sioux City and Omaha, Neb., and some 22,000 acres of protected land were flooded when several levees broke.

Guam, the American naval base in the Pacific was weaker in 1941 than in 1920 because the United States observed the terms laid down at the Washington Naval Conference.

## Expect British Laborites to Hold Slim Lead

London, April 27 —(AP)— Britain's Labor government is expected now to cling to its shaky seat at least until fall.

But yesterday's five-vote victory in a test vote in the house of commons proved the going will not be easy. Continued heckling by Winston Churchill's Conservatives and the Liberals will keep Prime Minister Attlee's Laborites under constant pressure.

The Laborites squeaked through votes on two major issues in the house of commons yesterday with a majority of only five in each

case. These two votes—on doubling the tax on gasoline and imposing a 33 1-3 per cent purchase tax on trucks—constituted the most serious challenge Labor has faced since it came to power in 1945. Its once overwhelming majority in commons has been sliced to a scant eight seats.

Defeat would most certainly have meant that Attlee would resign and Britons would have been asked to elect a new parliament.

In the event of another election, political observers say, there is little hope that either the Social Labor party or the Conservatives would be able to win a sizeable majority unless there is a startling shift in public opinion. The Laborites, with only nine members in the present house, all of whom joined the Tories yesterday in voting against the government—are considered a fading factor.

## Group to Discuss Affect of U. S. Oil Imports

Little Rock, April 27 —(AP)— A congressional subcommittee came here today to try to learn how oil imports are affecting United States production.

Governor McMath, Arkansas Oil and Gas Commission Chairman O. C. Bailey and several industry spokesmen from South Arkansas headed a parade of witnesses scheduled to testify at a hearing beginning at 10 a. m.

The subcommittee was told at Shevport, La., yesterday that increased oil imports have caused the Southwestern states to reduce their production.

O. Gordon Collins, of Shevport, chairman of the Louisiana minerals board, told the subcom-

## Draft Is Set Up But Few Are Called

By JAMES MARLOW

Washington, April 7 —(AP)— The draft law, always a sore point in

committee of the house small business committee this story:

In June 1949 the largest purchaser of crude oil in Louisiana, Arkansas and Mississippi — the Interstate Pipeline Co. — announced that they were curtailing their purchases of crude oil in the three states 40,000 barrels per day.

peacetime, is worrying congress. The present law, permitting the government to draft men 19 through 26, was passed in June, 1949.

Under this law only 37,000 men were drafted. None has been drafted since January, 1949. But the selective service system is all set up.

And there are 3,700 local draft boards — or selective service boards — around the country manned by 38,000 volunteer civilians.

So, even though no one has been drafted, the machinery in there and drafting could begin in the event of an emergency.

But — this law ends this June unless congress votes to continue it. The problem congress faces is this:

1. Since there seems to be no immediate need for drafting anyone, why let the government have the power of drafting a man any time it wishes?

2. Or, since no one seems likely to be drafted in the foreseeable future, why not keep the law, so the government can act fast if necessary?

President Truman's advisers, when congress began considering the problem this year favored keeping the law as it is.

This ran into opposition in congress and from civilian groups. Then came a proposal from Rep. Vinson.

He's chairman of the house armed services committee whose job it is to examine the problem and then recommended how the full house should vote.

That makes Vinson an important man in the argument. Vinson made this proposal:

Keep a kind of draft law — that

is, keep intact a selective service system which could swing into action — but take away the government's power to draft anyone.

That means that the draft machinery would be there but no one could be drafted unless congress passed another law — say in an emergency — giving the government special power to draft.

That's what Vinson had been mulling over. But yesterday he changed his mind.

Because of "present world conditions," he said, he thinks now the present law should be continued as is for another two years.

Nevertheless, all this still is only in the talking stage. Neither the full senate nor house has voted yet. Until both do, we don't know the fate of the draft law. That will be some weeks from now.

Here's some brief background on the present law.

In June, 1948, relations with Russia were not good. The armed forces then had a total of 1,445,000 men.

Mr. Truman's military advisers thought the armed forces ought to be quite a bit bigger.

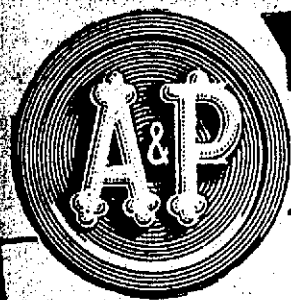

So congress extended the draft law to provide men. Under it men 19 through 26 could be drafted. And an 18-year-old, one year too young to be drafted, could enlist.

The draft got started in November, 1948 and was over by January, 1949, with only 37,000 drafted then and none since.

What happened? For economy reasons, the military people decided not to make the big expansion. Also more than 200,000 between 19 and 26 have enlisted, re-enlistments and re-enlistments are now running about 35,000 a month.

And the armed forces — which numbered 1,445,000 men in June, 1948 — are only slightly larger now. They have 1,476,000 men.

## Weather Is Favorable for Farm Work

Little Rock, April 26—(AP)—Weather during the week ended Tuesday was favorable for farm work in Arkansas.

But, the federal-state crop reporting service said today, there wasn't enough rain for proper growth of crops already planted. Warm showers are needed in all sections of the state except the southeast, the service's weekly bulletin noted.

Good progress was reported in preparing seedbeds and planting crops.

Conditions of individual crops include:

Cotton—planting delayed by cool weather in some sections but is about 40 per cent complete in southeast Arkansas.

## Maragon is Guilty, Faces Jail Sentence

Washington, April 27—(AP)—John Maragon, who used to be seen around the White House, is temporarily in jail, and he appears headed for a more permanent stay.

Maragon was convicted yesterday on two charges of lying to senate investigators. His friends included presidential military aide Harry Vaughan.

Vaughan once called him a lovable little fellow, but then said he ought to be fumigated. That was when Vaughan testified last summer to senators investigating five percenters — men who represent others in business affairs with the government for a fee that ordinarily is five per cent.

It was to the investigating committee that the government said Maragon lied. And it nailed him on two of its charges:

It said he had bank accounts both here and in San Antonio, Tex. in 1945-46 but denied the Texas account. It said that in the same years he worked at the same time for the state department and a Chicago importing company but denied the jobs overlapped.

The government also said Maragon lied when he told the senators that from 1945 until last July he negotiated no business with the

and son Ed of Conway were their Sunday guests.

Dr. and Mrs. Glenn Hairston had as their week-end guests Mrs. P. J. Kemp Mrs. R. J. Wells, Russell Kemp and Miss Rebecca Jones of Little Rock.

Danna, Sharon and Jean Neuberger III of El Dorado visited their grandparents Mr. and Mrs. J. W. Bradley over the weekend.

Mr. and Mrs. Emerson Bradley spent the week-end in Lewisville as the guests of Mr. and Mrs. Herbert McClendon.

Mr. and Mrs. Dutchie Bright and daughter Janet, Mr. and Mrs. Paul Shackelford were week-end guests of relatives in England.

Mrs. Electa Wells was the week-end guest of Mr. and Mrs. Fred Sutton in Little Rock.

## Personal To Women With Nagging Backache

As we get older, stress and strain, over-exertion, excessive smoking or exposure to cold sometimes slows down kidney function. This may lead many folks to complain of nagging backache, loss of pep and energy, headaches and dizziness. Getting up nights or frequent passages may result from minor bladder irritations due to cold, dampness or dietary indiscretions.

If your discomforts are due to these causes, don't wait, try Doan's Pills, a mild diuretic. Used successfully by millions for over 50 years. While these symptoms may often otherwise occur, it's amazing how many times Doan's give happy relief.
